

Stourbridge

**Bus Station is closing for
redevelopment**

Sunday 24 October 2010

Stourbridge Bus Station is closing

Stourbridge bus station serves over 700 buses per day. The existing facility no longer meets the needs of a modern bus based interchange, or offers the world class public transport facilities we aim to provide for passengers. The bus station will close on Sunday 24 October 2010.

Improved facilities

The new scheme which will be called Stourbridge Interchange, will have an impressive facilities building and concourse which will serve the majority of bus stands. Other waiting areas will also be of a high quality, spacious design to improve passenger circulation and comfort.

The features in the new facilities building will include toilets, a unit which could provide passenger information and tickets, and electronic passenger information boards which will tell passengers when their bus is due. There will also be CCTV, help points, an internal public address system and automatic pedestrian access doors that only open when the bus arrives.

Temporary bus stands

During construction of the new Stourbridge Interchange, passengers will need to catch their bus from temporary bus stops. Shelters will be provided at all stops.

Stops will be located at Parkfield Road and Birmingham Street.

The stop location map on the back of this leaflet details the temporary bus stands, shuttle bus route, walking routes into Stourbridge town centre and the information points.

You can also find details of where to board your bus, which stand to get on/off your bus and shuttle bus stop locations.

Free Stourbridge shuttle bus

A free shuttle bus linking the temporary bus stop locations to Stourbridge town centre will be provided initially for three months and continuation will depend on passenger usage.

The bus will operate from 8am to 6pm Monday to Saturday.

The shuttle bus route will be a loop along Parkfield Road, Vauxhall Road, Birmingham Street, St John's Road, High Street, Market Street, Bell Street, New Street, St John's Road, Church Street, Parkfield Road.

The shuttle bus will only serve stops at Parkfield Road, Birmingham Street, High Street and Market Street.

Walking routes

There are four walking routes into the town centre.

Whilst construction takes place we will need to close one or two of the routes at a time for some periods during the project.

We apologise for any inconvenience this will cause and we will try and keep disruption to a minimum. We will ensure that people will always be able to access the town centre.

Route closures will be displayed on our website and on local information boards (see stop location map for locations of boards).

Exhibitions

Centro will be holding four exhibitions to tell people about the changes and these are detailed below.

All exhibitions will be held on the Network West Midlands Exhibition Bus at Stourbridge bus station.

Wednesday 13 October

10.00am - 4.00pm

Saturday 16 October

10.00am - 3.00pm

Thursday 21 October

3.00pm - 7.00pm

Saturday 23 October

10.00am - 3.00pm

Network West Midlands

Network West Midlands is the name that connects all public transport in the West Midlands metropolitan area. Wherever you see the **n** symbol you will find information about travelling on the public transport network.

Network West Midlands makes using public transport easier - with up-to-date timetables, maps

and journey information available at over 13,000 stops, shelters, interchanges and stations across the West Midlands.

Make the most of the transport network that's on your doorstep by walking, cycling or catching the bus, train or Metro from your local station or stop. You will be doing your bit for the environment and stepping your way towards a healthier lifestyle.
